

Convicts Escape Tuesday

Two convicts, John D. Hickman and Samuel E. Mohren escaped from the Glades Correctional Institution at 9:40 Tuesday and were recaptured an hour and five minutes later, said L. P. "Hap" Parson, director.

The men were with a crew working in an orange grove and it is a credit to the supervisor that their escape was noted almost immediately, Parson said.

Institution personnel used track dogs to determine the direction taken by the escapees and Austin Raulerson, farm manager in charge of livestock, found them in the fields about a mile east of the Glades Office Building.

Mohren is serving four years for a narcotics violation and Hickman is serving six months to three years for forgery.

Beautification Committee Wins 1st Place

Belle Glade Chamber of Commerce received recognition as the overall state winner in a progress competition sponsored by the Florida Association of Architects.

Dr. Donald A. Tiele, chairman of the Beautification committee, said the committee submitted a scrapbook of before and after pictures and newspaper articles describing progress during the year.

Crew Leaders Recruit Workers At Rally Sun.

Crew leaders, under the organizational name of United Agricultural Worker of America, Inc., held a rally at the loading ramp Sunday as the highlight of their campaign to distribute cards to workers.

Workers wishing to work under crew leaders after Thursday must have an identification card.

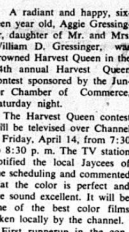

Crew leaders formally broke with the AFL-CIO local here and vowed to actively recruit labor even if the local called a strike.

At least 3,000 of the identification cards have been distributed said Ed Lee King, president of the crew leaders organization.

There has been no strike called, said Hank Meyer, representative of the Packinghouse, Food and Allied Worker of America with which the Agricultural Local 1242 is affiliated. However, local union leaders have been urging workers not to go to work. Farm work has continued normally this week, despite this.

Speakers at the rally Sunday, attended by about 100 workers and area farmers included Chairman, Leroy Nelson, Vice President of the UAW Inc., Tom Lockett, Rev. T. J. Thompson, of the St. Johns Episcopal Church, Rev. H. E. Green, AME Mt. Zion Church.

Red Cross Drive Totals \$1,563.31

Red Cross Fund Drive Chairman, Dr. R. V. Allison reports a total of \$1,563.31 has been collected.

Contributions were: Residential, N. W., including Chosen and Glades Correctional Institution, \$237.65; Residential, N. E., \$113.91; Residential, S. W., \$342.31; Residential, S. E., including Everglades Experiment Station, \$201.04; Business District, \$205.

Banking and other services, \$228.50; Packing House Area, \$65.

Heavy Industry and Ranching, \$170.

As among the residential sections the Southwest Area showed a considerable margin over the others. Within this area, furthermore, Mrs. Byrd, the co-chairman of the drive, personally covered 7 of the 17 potential assignments with an individual total collection of \$160.00. This is indeed the type of individual effort that has contributed much to the success of the drive to date, Dr. Allison said.

Gluttons Have No Tags

So you're a glutton for punishment? You and several thousand others will be standing in line for hours on end to purchase your 1967 tags if sales continue at the low ebb established the first week of 1967 tag sales.

Only 1,327 tags has been sold through Tuesday, April 11th. In the four weeks left before 1967 tags must be purchased, 8,550 will be sold if 1967 figures approximate 1966 sales.

Simple subtraction tells us that 7,223 people, and you are one of them if you have not purchased your new tag will be buying tags in 22 days. Human nature being what it is, most will wait until the last week or last few days and wait wait, and wait.

Ambulance Service Funds Withdrawn By Co. Commission

Ambulance service outside the city limits of Belle Glade will cease April 20.

The City commissioners upon advice from city attorney John E. Baker, suspended the city run ambulance service for calls outside the city upon notification by the Palm Beach County Commissioners that the county will not pay for calls unless requested by the

South Bay City Clerk Appointed

SOUTH BAY — The City Commission here Monday appointed Mrs. Geraldine Weaver as city clerk.

Mrs. Weaver, wife of county Commissioner Bud Weaver, was one of two to pass the examination for city clerk. Commissioners noted Mrs. Weaver had asked for a two week period after tendering her resignation from the Palm Beach County Board of Public Instruction where she has worked for 13 years as a school bus driver.

Commissioners discussed charging for a city service which has been done without charge for a number of years. Commissioners were unable to decide upon a price for mowing land which the owner does not keep up.

Commissioners requested a cost estimate on the mowing job at the next regular meeting. Concern was expressed for land owners having more than a few acres. For 20 acres, even the minimum charge of \$1 per acre per month would cost \$300 a year.

Milton Rader requested re-evaluation of personal property tax based on \$800 in property he is renting. The commissioners instructed the city clerk to adjust the tax, even though the board of equalization has already met. The Rader personal tax bill came to \$104.48.

The commission approved the installation of a trailer by Anita Willis on her lot to be used for a reading room for children. Zoning regulations do not permit a trailer on residential lots unless it is used for an office. "The storage reading room, trailer would fall into this classification.

Chief of Police Clark was removed from the eligibility list for patrolman.

The commission was dismissed. (Continued On Page 2)

Florida Highway Patrol, sheriff's office or the county health and welfare departments. In the case of requested calls the county will pay a maximum of \$15. Uncollected calls totaling over \$8,000 have been turned over to the county to date, said Frank Anderson, city finance director.

The withdrawal of funds was prompted by other communities asking the county for similar agreements. The city can not operate, spending cities monies, outside the city limits, Baker told commissioners.

In other action, the commission has suspended issuance of permits for gatherings at the loading zone. Permits for public gatherings in other areas will require a 36 hour notice, the commission decided.

There are four interested parties in leasing the golf course and the commission authorized the city attorney with the city manager and city clerk to present recommendations to the city regulations and, as to a lease agreement. Three of the interested parties are local.

The commission approved \$100 for installation and purchase of a speaker system for the civic center.

The commissioners requested

a report on the two mobile homes parked at the city Marina. Two policemen are now living at the Marina and commissioners are asking for a report on the possibility of hiring a full time employee and housing him in a permanent structure. Mrs. Clyde Lamb, wife of one of the policemen, is now collecting for camping at the marina.

Zoning Change Approved

Pahokee City Commission Tuesday approved on first reading a change of regulations for R. O. Crosby subdivision for about 15 lots. Regulations changed in 1961, at which time Crosby had foundations for one building. The lot sizes no longer comply with the city regulations and, the commission voted an exception to allow Crosby to build construction.

The commission opened bids for air conditioning equipment. The lowest was George Ruby at \$875. Next was Harris and Sons Refrigeration, Clewiston at \$961 and Boe's Inc., Pahokee bid \$1,019. A recommendation on the bids will be brought up at the next commission meeting.

The Glades Progressive Citizens Association of 1112 Administration Street, Pahokee, requested assistance in obtaining the Sand Cut and Everglades Camp Projects for subdivision. The commissioners agreed to assist this non-profit organization.

The High School asked the commission for use of the voting machines for school elections. Commissioners requested the school be reimbursed and asked to pay for the setting up of the machine which would cost \$25. The commissioners noted that the high school classes had raised money over the year and the cost could be split between the classes for the election.

The Commission OK'd regular six month raises for five members of the police department. They are James Feltner, J. C. Norwood, Van Buren Jackson, B. C. Patterson and Andrew Johnson.

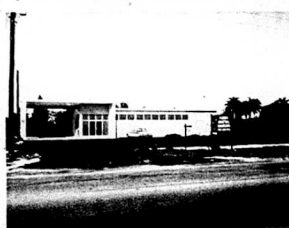

Appointed as election board members for the city election of May 2 were: Elaine B. Unwin, Clerk, Carrie B. Unwin, Inspector, Betty J. Tillis, Ins.

Hugely Speaks At Lion's Meeting

City Manager T. W. Hugely spoke at the meeting of the Belle Glade Lions club on Wednesday, March 8, at the regular noon luncheon meeting at the Civic Center on Wednesday, March 8.

Hugely stated that the present water intake — approximately 3000 feet out in Lake Okechobee — in operation since last May gives Belle Glade drinking water second to none in the state and that recent additions to the pumping capacity has brought water pressures up to satisfactory levels at all outlets. He pointed out that the sewage treatment plant is rapidly nearing its capacity and that with the current rate of new connections it will reach its capacity within the next year — then the city must increase its capacity or stop growth of the town. When asked what the estimated population of Belle Glade was, Manager Hugely stated "We like to think of it as about 30,000 based on telephone connections, water and light connections, and the various means of estimation."

Gove P. T. A.

The Gove Elementary P.T.A. meeting for the month of April will be held April 17 at 8 p. m. in the school cafeteria. Final plans will be discussed for the bazaar on April 22. New officers will be nominated and elected.

The program will feature Mrs. Carl Williams, Department of Personnel service of Palm Beach County.

als scattered throughout the crowd, said. The union was here to stay and that within the past week the United Auto Workers had voted \$12 million a year for six years to be used in five southern states.

At the rally's end, union members addressed the crowd from a park table. After about 10 minutes they were asked to break up the meeting by Police Chief Charles Goodlett.

The permit for the rally was issued to the crew leaders, Goodlett said, and not the union.

Crew leaders said they would be able to negotiate with the farmer about wages effectively.

Early Monday morning, in what is believed to be a related incident, a labor bus of Leroy Nelson's was damaged by a fire started by a home made fire bomb. Damage, estimated at about \$100, was extensive. The fire was discovered by Charles B. Clark. Patrolman Horace Thorp attempted to remove the burning bus from the bus but it broke and had to be extinguished by chemicals.

THOUGHT OF THE WEEK

Laws should be like clothes. They should be made to fit the people they are meant to serve—Clarence Darrow.

"Just" Doing A Job?

Members of the Belle Glade and Pahokee Police Departments attended the funeral for Motorcyclist Patrolman David R. Van Curen and Sgt. William H. Fletcher in West Palm Beach Monday.

They went to pay their respects to fellow law enforcement officers along with 800 other South Florida policemen. Donations are being accepted for the Fund at the Belle Glade, South Bay and Pahokee Police Departments. The local departments as well as the cities are

Civic Minded?

Reporters, and one woman who wanted a taxi license attended the Belle Glade City Commission meeting Monday. At South Bay there was a reporter and three city employees at the meeting. Is it true that civic minded citizens are not civic minded, except when they have a vested interest, or is it true that actions do not speak louder than words? The Belle Glade City Commission is talking about leasing the golf course and in South Bay the commissioners are discussing charging for mowing of lots and acreage in the city limits.

Both cases protest and talk about "What do they think they are doing" are possibilities but no citizen was present to discuss the issues and bring out points for consideration to enable a decision to be made.

making arrangements to contribute to the fund.

After a man is killed in the line of duty these things are the only courses left open to us to show our respect. However, how much harder is it, and how much more important is it to say thank you for the everyday risks our police take. They are doing a job but they are not "just" doing a job.

When a burglar alarm is set off and the police respond, they walk into a situation that could mean a man holding a gun and the proprietor, or simply a false alarm. The policeman does not know and it is his job to find out.

When a call is issued, a policeman never knows what he will have to face, but what ever it is, it is his job to face it, for us.

Every dollar contributed to the Fletcher, Van Curen Fund not only should be in sympathy for the families but a vote of confidence and thanks to our law enforcement officers.

The Gimmick

From the Faulkton, S. D., Record: "There is a gimmick to everything the government does, it seems. Now it develops that if we don't deny our citizens use of billboards we won't get our share of that particular chunk of money that we sent down to Washington."

UN-AMERICAN ACTIVITIES

The month of April, a time of beauty as spring breaks over the American landscape, this year may be marred by ugly political realities. At mid-month, for example, it is expected that anarchists and "peaceniks" in the Northeast will converge on New York City to conduct massive demonstrations at the gates of the United Nations building against U. S. defense of freedom in South Vietnam.

According to reliable reports, these demonstrations are likely to be the largest ever carried out by radical elements in the nation. Among the prominent participants, it is believed, will be the Rev. Martin Luther King Jr., who is shifting his attention from "civil rights" strike campaigns to the anti-Vietnam campaign.

The worsening of the battlefield situation of the communists in Vietnam has been described in new urgency with which domestic radicals are approaching the anti-Vietnam demonstrations. The homefront leftists realize that the communist troops in Vietnam are facing annihilation and that public pressure is mounting for stepped-up air and naval attacks against Communist North Vietnam. They clearly intend to pull out all the stops in demonstrations inside the U. S. A. They are reported to be seeking bloody clashes with police authorities. In particular, they wish a real clash at the gates of the United Nations building in order to make the Vietnams here appear as martyrs. They also believe that massive anti-Vietnam demonstrations in the U. S. A. will produce even stronger anti-American declarations by the Afro-Asian bloc in the U. N. and by U. Thant, Secretary-General of the U. N. U. Thant already has clearly indicated that his sympathies lie with Hanoi, not Saigon.

The demonstrations, planned for New York City are only part of a new drive by the pro-communist forces to

gain power in the United States and to eliminate anti-communist activities on the part of the U. S. government. Insufficient attention has been paid to what is known as "The Underground Press" in the United States. Reference here is to the ultra-leftwing sheets which have begun to appear in several cities and on a number of campuses. These small newspapers have as their principal target the stopping of American efforts in Vietnam. To this end, they endorse every conceivable action on public authority and public decency. They approve the flight of young peaceniks to Canada, where they have a safe harbor as draft-dodgers. They recommend films produced by or in behalf of the Viet Cong. Among their various editorial proposals are projects that are utterly obscene and perverted, which cannot be described in family newspapers, but which are an effort to degrade public officials.

It should be realized, too, that "The Underground Press" stresses "free speech campaigns" involving filthy language and obscenity, the showing of pornographic films. Realistic observers of these gutter sheets understand that the endorsement of pornography in print and on film is a calculated effort to undermine the morality of the American people. In an effort to weaken the fabric of our nation, these journals and their sponsors hope to turn the flood of pornography material.

In this connection, the national public should know that in recent months one of these "underground" papers distributed 70,000 copies of one of its filthiest issues to elementary school children on New York City's East Side. Now, it is obvious that printing and distribution of 70,000 copies of a gutter sheet is a costly proposition. Public agencies and private citizens should inquire as to the source of the money for this project. Indeed it is time that the House Committee on Un-American Activities, or other suitable agencies of Congress, conduct a full-scale investigation of the actions and financial backing of "The Underground Press." Some well informed journalists who have devoted years to the study of Communist Party operations in the United States, are certain that the money for both the upcoming demonstrations and the continuing and accelerated propaganda campaign is coming from communist sources.

The truth is that the public will imagine that the war in Vietnam is a one-front war. The truth is that the front is everywhere, including here on the home front. The students who are not only soldiers in the Pacific but the youth people of our nation, the students who will be the leaders of tomorrow. This is why it is imperative that there be an immediate investigation of what lies behind these new un-American activities.

PERSECUTE CRIMINALS, NOT OFFICERS OF THE LAW

The following article, written by John Edgar Hoover, FBI Director, appeared in the April issue of the FBI Law Enforcement Bulletin. Hoover's "Message from the Director" appears monthly in the Bulletin.

MORALITY, INTEGRITY, law and order, and other cherished principles of our great heritage are battling for survival in many communities today. They are under constant attack from degrading and corrupting influences which, if not halted, will sweep away every vestige of decency and orderliness remaining in our society.

Certain groups, numerically weak but vociferously strong, appear determined to destroy all acceptable standards of personal conduct and sane behavior patterns. They seem bent on eliminating all ethical practices relating to our established order.

For instance, most citizens would be horrified to think that someday it might be legally permissible for a person to rise in a courtroom and hurl four-letter invectives at the judge without fear of punishment. "This cannot be," we say, "the court is inviolable. It administers justice, under the laws by which we live." Law enforcement is an arm of the same laws. It is charged with the responsibility under these laws of taking certain action which ultimately is resolved in court. However, a move is underway demanding that profane verbal abuse directed at police officers be legally recognized as a constitutional right. It can be argued that such permissiveness is legally permissible at the enforcement level of the law, could it not also be argued that it is permissible at all levels of our legal system?

History proves that the best interests of our Nation lie in a law-abiding, decent, and orderly society. We cannot live with lawlessness, unbridled vulgarity, obscenity, blasphemy, perversion, and public desecration of every sacred and just symbol. We should be alarmed when widespread recognition and monetary awards go to a person who will defame a "satirical" piece of work which maliciously describes the President of our country and insinuates he murdered his predecessor. We should be alarmed when some groups, under the guise of academic freedom and constitutional privilege, flood our college campuses with obscene four-letter-word campaigns and pornographic publications which violate all codes of ethics. And we should be equally alarmed when an enforcement officer making an arrest must fight for his life against assaults from onlookers who scoff and ridicule him for doing his duty.

Why do these conditions exist? Certainly, an overwhelming majority of Americans do not want their families exposed to indecent, immoral, and unlawful practices which plague our communities. But unorganized protesters carry little weight against organized crusaders of filth, immorality, and crime. If this is not the legacy we want to pass on to our youth, then it is high time we took action to improve conditions.

Let us stop persecuting enforcement officers when we should be prosecuting criminals. Let us stop defying offbeat dolts whose ability is measured only by how deep they can dip their poisonous pens into the pots of blasphemy, filth, and falsehood. Let us stop listening to half-truths and criticisms of time-tested ideas and start telling and selling the true story of democracy as we know it. In short, let us stop being blindly toward the cavern of self-destruction by bogus Pied Pipers and get on with the perpetuation of the self-evident truth which, with Divine guidance, have served our Nation so well over the years.

THE FARM FRONT

Comments on 3 phases of Agriculture

By Doyle Conner, Commissioner of Agriculture

FFVA

I would like to compliment the Florida Fruit and Vegetable Association on its recent state-wide drive to make farm jobs more attractive.

The organization's efforts to step up progress in the farm labor force have been in the hope that both the quality and quantity of the farm work force can be improved.

This is a program that has long been needed. It stems from the hope that seasonal farm workers may now respond favorably to growth efforts to produce them with better working and living conditions.

A recent FFVA survey indicated higher living standards are being attained by Florida farm workers and that they appear to have aspirations for better living conditions.

Renewed efforts in this endeavor by the agricultural industry could very well pay off by attracting better workers and slowing down the loss of workers from the farm manpower pool.

PESTICIDE

It is a sign of the times, I believe, that no one seems to work so much about insects any more.

People now seem to be more concerned about the possible contamination of food which has been treated with pesticides.

While the threat of contamination of the food we eat from insecticides and weed killers is very real, the pesticide residue detection program of the Florida Department of Agriculture minimizes this threat.

During the past biennium, the Department budgeted \$244,165 for the detection and control of the incidence of pesticide residues on vegetables, fruit, milk, eggs and commercial feeds sold and consumed in Florida.

This work is a very important segment of the Department because it protects the general public and controls the indiscriminate use of pesticides on crops and feed.

It is a job, as evidenced by the more than 9,000 pesticide samples collected during the past biennium and the 18,121 analyses run on these samples by Department chemists performed 13,465 pesticide residue analyses. Of this total, 756 samples were found to have been contaminated.

FARM FAMILIES

What happens to the farm family when the head of the household decides he no longer can afford to make a living by tilling the soil?

In many cases the family moves to the city and both husband and wife seek employment. The skills they developed in farming, however,

seldom can be applied to an urban job.

A period of training is needed if the ex-farmers are to qualify for a better than average position. Otherwise, they must resign themselves to a low income standard of living.

How much better it would be for the farm family not to have to leave the rural areas in the first place. We need them to produce foodstuffs and other agricultural products which we don't need them to draw welfare payments or unemployment compensation or to work in non-agricultural jobs.

Florida's farmers are not looking for handouts or special considerations. They only desire to be permitted to produce a product and receive a reasonable return.

Florida has the greatest potential of any of the 50 states to increase its agricultural output. It has abundant natural resources, the trained agricultural scientists, the available land, ever-increasing in-state population, and the farmers with the know-how.

Farm families are a happy lot. They are content to remain where they are.

But they can and will be driven from the land by unjust taxes, unreasonable labor demands, unfair foreign competition, and unnecessary governmental regulations.

The farmer must live by the same formula as does his city cousin: the output must exceed the input. It's as simple as that.

MEN IN SERVICE

FOSTER

Army Specialist Four Elbert Foster Jr., 21, son of Mrs. Margaret Foster, B-2 Osceola Center, Belle Glade, and other members of his family are performing for one of the largest "fix-it shops" in Vietnam.

Spec. Foster, a security guard in the 26th Field Depot's 7th Maintenance Battalion, the Cholon, guards the "fix-it" facility which repairs just about any piece of equipment a soldier uses — from shoes and clothes to the weapons he fires and the vehicles he drives.

The battalion keeps over 12,000 vehicles rolling for the United States and Free World army units in Vietnam's III and IV Corps areas. In addition, the unit of the 1st Logistical Command repairs more than 1,100 office machines, 3,800 radio-electronic sets and about 4,000 weapons each month.

Spec. Foster entered the Army in November 1965 and was stationed at Ft. Dix, N. J., before arriving overseas last June.

Before entering the Army he was employed by Florida Sugar Mill.

LEATHERS

Billy J. Leathers, whose father, Erby G. Leathers, lives in Belle Glade, was promoted to lieutenant colonel during ceremonies at Ft. Monroe, Va.

Col. Leathers, chief of the Command's Army Training Center Program Branch, entered the Army in 1953. He received his commission in the 7th Cavalry Division, 1st Cavalry Division, at Ft. Sisson, Okla., where he was graduated with a degree in business administration in 1953.

He is a 1949 graduate of Belle Glade High School.

CUNNINGHAM

Army Private Harry E. Cunningham, whose parents, Mr. and Mrs. David W. Cunningham and wife, Bobbie, live at 1947 Bacon Point Road, Pahokee, completed a vehicle mechanic course at Aberdeen Proving Ground, Md., March 24.

During the course, he was trained to repair internal combustion engines and shelled vehicle chassis components. Instruction was given in the fundamentals of electrical and transmission systems.

BACON

Commissionary Second Class John S. Bacon, USCG, son of Mr. and Mrs. Jean F. Bacon, 1947 Bacon Point Road, Drive S., is back in Wilmington, N. C. from patrolling the ocean station "Charlie," some 900 miles east of the northeast of Newfoundland, aboard the Coast Guard's high endurance cutter, the USS Hancock.

Station "Charlie" is one of six stations at sea in both the Atlantic and Pacific Oceans which are manned by the U. S. by the Coast Guard. The station is a 210-square mile area located in close proximity to a major route of travel used by both ships and planes.

The Hancock's patrol lasted for about 25 days. While on station, her crew stood ready to assist any ships stricken at sea, or planes flying overhead. Additionally, her crew gathered valuable data in the fields of oceanography and meteorology.

RIDDLE

Airmen Second Class Claude M. Riddle, son of Mr. and Mrs. Mitchell Riddle of 2541 S. W. 14th St., Pahokee, has been selected to receive the Air Force Outstanding Unit Award at Turner AFB, Ga.

Airmen Riddle, a navigator, 1370th Photo Mapping Wing achieved an exceptionally meritorious rating during the period July 1964 through June 1965.

He is a member of the Military Airlift Command which operates global airlift systems for U. S. forces employing more than 1,000 modern aircraft.

New Ecumenical Institute Planned At Lake Junaluska

Plans for a new ecumenical institute to be known as Interpreters House has been projected at Lake Junaluska Assembly, North Carolina, it is announced by Edwin L. Jones, Sr., Chairman of the board of Lake Junaluska and the Rev. Dr. J. Manning Potts, newly elected executive director of the Assembly.

The institute, named for Interpreters House in the story of Pilgrims' Progress, is to serve as a year round place for national religious ecumenical dialog and work in behalf of churches, laity, institutions, ministers, educators and other leaders.

"There is an ecumenical similarity in the institute to that of The Upper Room," said Dr. Potts who has been editor of The Upper Room for the past eighteen years, his recent election to the new post. "The Upper Room is an interdenominational, interracial, and international daily devotional publication. It is published in 37 languages around the world and is sponsored by ten denominations, seven interdenominational literature societies and five United churches. An ecumenical International Prayer Fellowship sponsored by The Upper Room and Scarriff College is to be held at The Upper Room Chapel in Nashville, Tennessee over the Easter 1967 weekend. It is to be attended by some 250 persons from all over the world."

According to Dr. Potts the Interpreters House is to be chartered as an ecumenical affiliate of the Assembly with a board of 40 persons, nine of whom will be members of the Assembly board of trustees. Headquarters will be at Lambuth Inn on the Assembly grounds.

"It is at Lake Junaluska," said Dr. Potts, "that the U.S. headquarters of the World Methodist Council are located. The affiliate is to be supported by foundations, denominations, churches and individuals. It is expected that the first seminars at the center will begin in October.

Leaders in planning the institute include: Bishop Earl G. Hunt, Jr., of the Methodist Church, North Carolina; Bishop H. Ellis Finger of the Methodist Nashville.

Glades-Wide Community Methodist Church Courtney Dedication April 30

The courtyard of Community Methodist Church will be dedicated on Sunday, April 30. It will be dedicated to the glory of God, and in honor of those pioneers of the Glades, who by their tireless faith and the grace of God established and maintained the first churches of the Glades area.

The Rev. J. O. Jameson, of Wabasso, a pioneer minister who served as pastor of Community Methodist Church for 13 years, will read the dedication service, assisted by the young ministers who have entered the ministry from various Glades churches.

The dedication service will take place immediately following the church service at 10 a. m. and all persons of the Glades area — Okeechobee, Canal Point, Pahokee, Belle Glade, South Bay, Beach City, Lake Harbor, Clewiston and Moore Haven, are cordially invited to attend both the dinner and the dedication service.

A book, entitled, "Our Christian Heritage" has been compiled from materials contributed by the various churches of the above communities. It depicts the history of our religious heritage from the early days, and will be available at the dedication event.

W. O. C. Circles Hold Meetings

Presbyterian W. O. C. Circles met this month at the homes of Mrs. Sam Crissman,

Mrs. Louise Bernard, and Mrs. C. L. Stuart.

CIRCLE NO. 1 of the Women of the Church, meeting with Mrs. Crissman, was presided over by Mrs. Agnes Thomas. An opening devotion, "God is Able," was given by Mrs. Robert R. Roadman, Jr.

The Bible Study, "Up a Tree," devoted to the story of Zachariah, was moderated by Mrs. Crissman. Nine members were present for the morning study.

Mrs. Bernard was hostess to CIRCLE NO. 3 meeting at 8:00 in the evening. Seven members were present for the study, and a brief discussion of the Presbyterian Women's emphasis for the month, Christian Higher Education.

Reporting on the emphasis, Mrs. J. P. Vondracek pointed out the opportunity to contribute to it through the Friendship Circle of the W. O. C.

The Bible Study, "Up a Tree," was moderated by Mrs. Ben Clark. Emphasis in the discussion centered on what a Christian can accomplish through a deliberate program of friendly visits.

CIRCLE NO. 4 met in Canal Point with Women of the Church President, Mrs. C. L. Stuart.

Plans were made at the evening meeting for the covered dish dinner to be held after Church services on the following Sunday. Women of Circle No. 4 were designated as hostesses for the dinner.

Mrs. Mabelle Gough, Circle Chairman, conducted the business of the meeting, and moderated the Bible Study. Attending were Mrs. Stuart, Mrs. Gough, Mrs. Joe Melvin, and Mrs. Urban Felsing.

Need Of Baptist Center Told To Circle Members

The Canonizer Circle of the First Baptist Church held their March meeting at the home of Mrs. Shirley Evans.

The topic for the evening was the work of the Home Missions with particular emphasis on the evening.

Seeing The Cross Topic Of WSCS

CANAL POINT — The opening meditation "If A Child Lives" was followed by prayer at the April meeting of the Canal Point Methodist Woman's Society of Christian Service, held at the home of Mrs. Boyd Voochess.

The program topic for the month, "Seeing The Cross" was presented by Mrs. W. K. Buchanan.

Mrs. Elmer Maxson, president, presided, and announced that all reports of all secretaries of special WSCS services and activities be turned in by April 9.

Plans were made to send delegates to the annual State WSCS Conference in Jacksonville, April 18-20.

The meeting will be held at the home of Mrs. W. E. Blackwell, it was announced.

the needs of our newly remodeled Baptist Center in Belle Glade.

Mrs. Diane Holcomb, who with her husband, Rev. Jim Holcomb are missionaries at the Belle Glade Baptist Center was the guest speaker for the evening.

As many know, the needs are great as far as material things are concerned. It was decided that the circle furnish a large pot or pan for the center. Mrs. Holcomb also stressed the need for volunteer workers, especially with pre-schoolers and primaries on Thursday.

If anyone is concerned and willing to donate a little time or dishes, etc., to the Center, please contact Mr. or Mrs. Jim Holcomb 996-3474 or through the First Baptist Church office 996-5596.

Many of us possibly think of missionaries as dedicated Christian workers in Africa or China, but never here at home around us. The need in our little town of Belle Glade is as great or not greater, than in the darkest part of Africa.

So let's concentrate our time and energy here at home where we are geographically possible for

us non-world travelers to stay at home and also to help with the great work.

The world has many great leaders, but they would be helpless without the hands of the millions of faceless, nameless people behind the scenes.

Attending in addition to the speaker were Mrs. Ethel Foster, guest and Mrs. Blanche Jones, Mrs. Carafay Walls, Mrs. Carolita O'Brian, Mrs. Yvonne Guerry, Mrs. Dorothy Conway, Mrs. Kathryn Averill and the hostess.

Revival Time

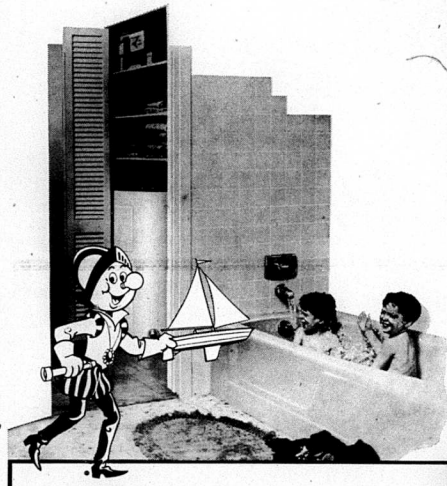

The public is invited to join a ten day Revival at the Pentecostal Holiness Church of Belle Glade, West Canal St. S.

Services will be conducted nightly beginning Friday, April 14 at 7:30 p. m. and continuing through April 23.

Reverend Esal Briley of West Palm Beach and Reverend B. E. Farmer, pastor will bring the revival messages.

A cordial invitation is extended to all.

You cannot do a kindness too soon, for you never know how soon it will be too late.

175,000 MILES
(or how a DATSUN can give you a pocketbook a pickup!)

A few months ago, a man came into a Datsun dealer in California, and asked his tape to be adjusted. Casually he mentioned he had 183,000 miles on his 1964 Datsun Pickup. During this time he had put in 4 changes of spark plugs, a new tire now and then and oil changes whenever he got around to it. The dealer gave his Datsun a minor tune up and some other services which cost \$22.00... and made it purr like new. Today that Datsun has over 175,000 miles on it and is still going strong!

Before you can have great car deals, you have to have a great car.

Only Pontiac dealers have both.

Anytime's a great time to buy a new Pontiac. With great names like GTO, Le Mans, Catalina, Lebrord, Bonneville and Grand Prix, there's no such thing as a bad time.

But if there ever was an extra-great time to see your Pontiac dealer, it's right now. Because all this greatness has inspired him to let you write just about any kind of deal on your new Pontiac.

So why settle for anything less? Get in on the great ones at your Pontiac dealer's today!

APRIL 13, 1967 THE HERALD, Belle Glade, Fla. Page 7

Tom Altman Wins Golf Championship

The girls and boys golf teams played Boca Raton, Stuart, and Jupiter Monday afternoon and the Martin County Country Club.

Tommy Altman won the individual championship with an overall score of 160, Beverly Ross from Boca Raton won the girls title with 89 as her overall score.

Barbara Williams qualified for the state golf tournament with 52. The Western division scores for boys were Boca Raton, 349; Martin County, 366; Belle Glade, 375 and Jupiter, 415. With the girls, Belle Glade came in second with 226. Martin County ended with 258 and Jupiter forfeited.

BG Baseball Team Beats Okeechobee

Jorge Rodriguez struck out seven men to boost Belle Glade to a 7-2 win over Okeechobee on April 4, 1967. First baseman Terry Mann hit a pair of doubles and short stop Bryant Davis got two singles in three trips to bat.

This win brings Belle Glade's conference record to 4-3 with an overall record of 5-6.

District Contest; Big Event Of F. F. A.

Reuben Sneed, first year Agricultural student under Mr. Allen Belk, will be entering the speech contest at the F. F. A. District Contest on April 28.

The F. F. A. boys of Belle Glade will host students from the Sixth District of the state association at the meet.

Competition will be in different fields, such as tractor driving, parliamentary procedure, public speaking, and string band. The winners of the district contest proceed to the area event. There are three areas in this state.

Reuben is the son of Mr. and Mrs. Dan Sneed of 300 N. W. Avenue 1.

Tango Trips Teacher

"Let's dance, Mrs. Laaksonen" is getting to be a familiar phrase with Mrs. Laaksonen lately.

She fractured her hip doing the tango at a formal dinner dance at the Holiday Inn where she had a choice of going either to the dance or to a Sing Out performance in Belle Glade. As fate would have it, she chose to go to the dance and along with it got a week's vacation in the hospital.

Janice Papp

Janice Marie Papp, who is co-editor of the Ram Page, has been in Belle Glade since the beginning of her junior year.

"Working with the paper" she said, "is fun but hard."

Work on the Ram Page involves quite a bit of extra. On Thursday afternoons she works until about 4:00 preparing the articles at school. She then takes these articles to the Belle Glade HERALD. On Friday afternoons she goes to the HERALD to proof-read. "If the copy is not printed, we wait until it is, which sometimes takes a while." On Monday afternoons she helps lay out the paper which often takes from 2:30 until about 6:00.

Born in Cleveland, Ohio, on May 25, 1949, she attended school there until the ninth grade when her family moved to Riviera Beach. After two years in Riviera she moved to Belle Glade.

Janice's mother works for the county health clinic and her father is a Lab Administrator at Glades General Hospital. Her brother, Jim, is in the 10th grade. She has a sister in the 2nd grade at South Bay and one older sister, Judy, who is married.

Janice, who is in the Pep Club, as well as co-editor, plans to become a secretary after graduation.

What really goes on at the baseball games? Does everyone really go to watch the game or to tell jokes? How about this Aggie, Sandy, Connie, and Janet!

Marilyn S. and Diane S. tell us about your weekend dates!!! South Carolina was a real swinger and Georgia was not exactly a deadbeat himself. I understand both Paul and Jimmy were good dancers, too. I sure hope y'all had fun.

Hey, Sing-Out Glades, did you have fun last Thursday night? We heard you all really made a hit when you arrived in Miami.

Ivy Barrett, who was your Harvest Queen, escort? What about this Joan T.? Can you fill us in???

Alan L., were you nervous before going on stage last Thursday night? We hear you got a standing ovation from the group. Congratulations!!

Jackie Poole

As President of the Diversified Cooperative Training Club (DCT) this year, Jackie Ray Poole naturally thinks his club is the "greatest."

He spends much of his time promoting the club and its activities.

Riding around and talking to people are rated as Jackie's favorite pastimes. These pastimes help Jackie to spread the news about what the club is doing and what the future plans of the club are.

Jackie works at Glades General Hospital and plans to continue his work at the hospital after graduation.

Jackie does not spend all of his time with DCT. He enjoys such outside interests as horseback-riding and swimming. Listing his favorite sport as track, Jackie was a letterman on last year's track team and ran the mile for the team at the track meets.

Jackie has distinct and varied tastes in his ideas on "favorites." While listing Communism as his preferred subject, he chose "Little Black Egg" as his first choice in records.

Jackie despises to run out of gas in his 1963 Pontiac. He hopes to one day buy his own Super Sport 196 Chevelle and keep it supplied with plenty of gasoline.

Where It Goes Each week Jackie spends about 40 per cent of their take-home income for services, ranging from haircuts, shoe repairs and dry cleaning to major auto repairs, medical care and education.

"Rally, Round The Flag, Boys" To Be Presented By Seniors

The senior class will present "Rally, Round The Flag, Boys" tonight and tomorrow night, April 13 and 14, at 8:00 at the high school gymnasium.

Act 1 scene 1 consists of a series of flashbacks that give background for the story. The stage is divided into three scenes, the town meeting hall (where most of the action takes place), a military office, and a living room.

PERSONALITIES FIT

The characters in many cases are very similar to the personality of the people playing the part. For instance, Karen Dexter has little trouble portraying a busy committee woman, Vickie Challancin doesn't have to fake an interest in child psychology, Doris Wilts thinks kissing is ginchy, and Kathy Barron is forever interested in money!

LIGHTING IS DIFFICULT

Although the gym is equipped with some lighting, additional lights were borrowed from Glades Correctional Institution. Some of the sound effects were made in Mrs.

Lanier's speech classes. Additional microphones were loaned by "The Suburban Kind." Ronnie Smith and Leslie Cowart are largely responsible for the rigging of the lights and microphones.

MRS. LANIER DIRECTS

Mrs. Lanier, who teaches French and speech, is directing the senior play. This is the second year that she has devoted time and effort to play production. She has aided the students in stage direction, lighting, and costumes.

SING OUT

"Sing Out Glades" sang for the first time to an audience on Thursday, April 6. The group went to the Dade County Auditorium to watch National Cast C's final performance in Miami before going on a Latin American tour. At the close of the performance, Cast C invited "Sing Out Glades" to join them on stage and sing the last song with them. This was an honor for the Belle Glade Cast.

Student Body

First of all, I am happy that I received your votes of con-fidence during our recent school election.

I will strive to represent the Student Body as I said during my campaign. I will make all efforts to see there are more activities given at our school. Along with the feeling of be-ing qualified to serve as your Vice-President there is a great deal of responsibility. There is much that I wish to do dur-ing my term of office.

I am willing, ready and able to work for I realize that a-long with the honor of being Vice-President there is a great deal of responsibility. I also know that a lazy man will never accomplish much. To me, a lazy man is like a bird that has grown out of childhood but still waits for his mother to bring his food. Let us, not be guilty of this.

I know that with your sup-port we can over come any obstacles and make 1967-68 the best year in the history of our school.

Proud To Serve

I suppose I should say that I am proud to be President of our student body, but I only wish to say that I am proud to have been given the op-portunity to serve you as your President.

When I have completed the task and reached the goals that I have set for the council — although I feel that it will take a small miracle — then I may say that I am proud to have been your council president.

To be a good leader one must be a good follower, and I feel that my experiences as Vice-President, with your sup-port and cooperation we can have one of the best Student Councils in the school's his-tory.

Let us hope that by the end of the 67-68 school term we will have seen a great change for the better and more sup-port and cooperation from the student body. Remember this is our school and it is no more or less than we make it. From my past observations it seems that we have not done much to better its standards and con-conditions. Sometimes it seems as though we try to destroy those that we have. This is one of the problems that I wish to solve as your President.

As a noble American once said and I quote: "To the vic-tor belongs the spoil," but I feel that Governor Kirk's statement is more preferable: "To the victor belongs the re-sponsibility."

The Mighty Bobcats out-slugged Carver High of Del-roy Beach, with a score of 9-5. Lawrence Padgett made to-day a triple and a single. Ro-sevelt Durham was the winning pitcher while J. Watson was the losing one.

Lake Shore	9	2
Carver	5	3

With two conference games in the winning post, the Bob-cats were entertained by the Matvorn Devils of Roosevelt High, West Palm Beach. Rose-velt led 2-1 until the bottom of the fourth inning when the Mighty Cats took over. Leroy Waldo drew a walk and O'-Dexter Harrison connected for a double and Waldo was thrown out rounding third. Willie Beamon hit a triple to score Ellison, and later scored on the wild throw. In the bottom of the seventh inning, Roosevelt led 6-5 and Lake Shore tied the game when Mel-kevin drew a walk and ad-vanced to second on a sacrifice hit by William Holman. He advanced to third on Lawrence Padgett's hit. Finally John Willingham drew a walk and that put a man on first and third base.

Kilip Frenney drew a walk which loaded the bases, and Waldo drew a walk to tie the score 6-6. O'Dexter grounded out to retire the inning. In the bottom of the eighth Robert Durham drew a walk, stole second, stole third and then scored on wild throw to win the game 7-6.

Lake Shore	6	7	3
Roosevelt	9	6	3

O'Dexter Harrison was the winning pitcher while Willie Hall was the losing one. Lake Shore leads the con-ference 3-0-1.

Four different types of pork chops are on the market. Center-cut rib and center-cut loin chops are most popular. Shoulder rib end and loin end chops are economy cuts, just as good tasting. You can use any of these cuts in a recipe that calls for pork chops.

"My big sister's got this terrific job in the movies."

The very young can get pretty dramatic when they're making a point. The truth is, his sister works in our educational aids division. And though part of her job involves our scientific and informational movies for schools and colleges, she's also busy with resource-material and lecture-demonstration activities.

Little brother's dead-right about one thing, though. Big sister is doing a terrific job.

THE FISHING REPORT

At J-Mark Fish Camp catches reported were: A trio, Tandy Morris, Elder Carl Garnett, both from Belle Glade, and Paul Nichols from Tampa caught 98 speck Friday and another 40 Saturday morning.

D. A. Davis caught the limit in shellcracker and, with a live worm when he was after him, pulled in a 7½ pound bass.

Joe Wall caught another big bass. His weighed 8 pounds. He caught it on a gold spoon.

Bob Walker and Joe Scott brought in 17 bass Saturday with three weighing about 6½ pounds.

Eph Morris and Walter Davidson almost matched Walker and Scott with 16 bass on artificial lures.

There was a number of limit strings of brim over the weekend. Bob Moses brought in one of the strings.

Excellent fishing was enjoyed in the Belle Glade area of Lake Okechobee over the past few days. The following catches of Bass were reported over the weekend.

Kenneth Sands and Morgan Tyson, local fishermen, brought in 9 bass on Saturday. They also caught two nice ones on Sunday. These weighed in at 6½ and 7½ pounds.

George Mills, and Mr. Crews, Belle Glade had 6 bass up to 5 pounds on Sunday.

Wallace Lutz and Jimmy Taylor took 20 bass using artificial bait on Saturday. The largest of these weighed in at 5½ pounds.

Speckled perch continued hitting over the weekend also. Mr. and Mrs. Coleman, West Palm Beach, brought in 80 on Saturday using live bait.

F. L. Blocker and Lee Arden, Ft. Lauderdale, had their limit on Friday, Saturday, and Sunday.

Several other limit catches were brought in over the weekend, and almost everyone had nice strings. The specks were reported hitting best in the canal, at the entrance to the lake above marker 98.

The Bream and shellcrackers have started biting in the Long Point, and Pelican Bay areas.

Charles Corbin had a party out last Wednesday, and came in with 60.

With good weather expected for the next week, good fishing is forecast again this weekend.

BG Elementary

Art Show Apr 24

The Annual Belle Glade Elementary School Art Show will be held April 24 from 7 p. m. to 9 p. m. in the school auditorium.

Each room will display their own art work.

There will be creative art, water color paintings, finger painting, ceramic paper mache and others. An added attraction will be the Science display from the Sixth grade. The paintings will be judged.

All parents and interested persons are invited to attend.

Hunters and sportsmen should always remember to never climb a tree or fence or jump a ditch with a loaded gun, says the Game and Fresh Water Fish Commission.
